

SOLID WASTE COLLECTION INSIDE CITY LIMITS

Residential Services:*

Residential solid waste collection services are paid for by the individual residents inside the city limits as part of their monthly utility bill. It includes twice a week household garbage pickup and once a week yard trash pickup. This service is only provided to occupied, single family residential properties only. Vacant properties, apartment complexes, commercial businesses, churches, civic clubs etc, please see “Commercial Services” explained below.

Recycling and Solid Waste Assessment: Residential recycling is a County service that is paid through an assessment on your annual property tax bill. Crescent City residents also pay the County’s solid waste assessment fee on their annual property tax bill for use of the County landfill to dispose of our waste.
